LIMITED WARRANTY

Coyote Outdoor warrants to the original purchaser at the original site of delivery with proof of purchase of each Outdoor Gas grill/Side burner that when subject to normal residential use, it is free from defects in workmanship and materials for the periods specified below. This warranty excludes grills used in rental and commercial applications. This warranty excludes surface corrosion, scratches, and discoloration which may occur during regular use. It does NOT cover labor or labor related charges. There will be shipping and handling charge for the delivery of the warranty part(s).

<u>COMPONENT</u>	<u>WARRANTY PERIOD</u>
Cooking Grids (no rust or burn through)	5 years (limited)
Flavorizer Bars (no rust or burn through).....	2 years (limited)
Electric/Plastic Components	2 years (limited)
Ignition systems/Valves	1 year (limited)
Stainless steel frame/housing	Limited Lifetime
Stainless Steel Burners (no rust or burn through).....	Limited Lifetime

Our obligation under this warranty is limited to repair or replacement, at our option, of the product during the warranty period. The extent of any liability of Coyote under this warranty is limited to repair or replacement. This warranty does not cover normal wear of parts, damage resulting from any of the following: negligent use or misuse of the product, use on improper fuel/gas supply, use contrary to operating instructions, or alteration by any person other than a factory service center. The warranty period is not extended by such repair or replacement.

Please see Coyote Outdoor Living website at www.coyoteoutdoor.com for full warranty terms and conditions. This information is subject to change without notice. See website for most current information.

All Electrical Transformers plug into the grill behind the control panel on the left side, if you are looking at the grill from the front.

All Gas Line Connection are at the rear bottom right of the grill, if you are looking at the grill from the front.

Ventilation of Island:

- *Minimum of 2 vents for an island.
- *Each vent must be at least 20 sq in.
- *Alternate sides of the island is preferred for cross-ventilation.
- *See Owners Manual for full details

Clearance to Combustible Construction:
When choosing a location for your gas grill, you should not locate it under any combustible construction. The side, bottom, and back of the grill should not be any closer than 24" to combustible material.

COYOTE

ISLAND CUTOUT DIMENSIONS

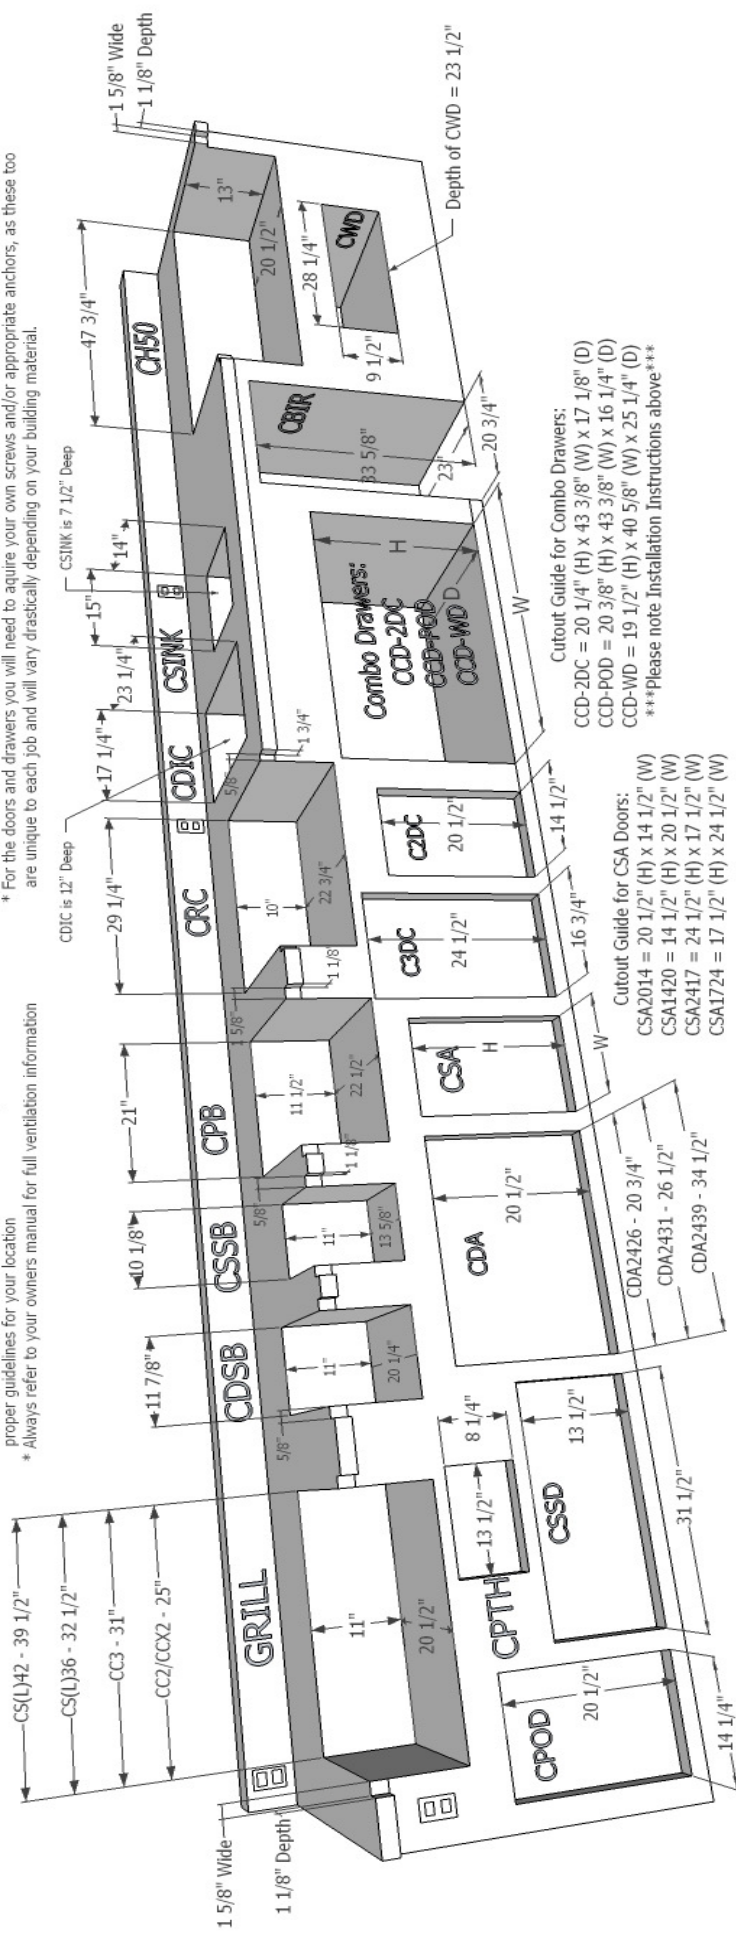

Ventilation of the Island:

- * A minimum of two vents, of at least 20 sq in per vent must be located on an outdoor kitchen that has any Coyote Grill or Sideburner
- * The ventilation of the island will allow your Coyote product to receive the air needed for combustion, proper use and the expulsion of heat from the island.
- * You must also check your county codes to ensure you are within proper guidelines for your location
- * Always refer to your owners manual for full ventilation information

Installation of Equipment:

- * All grills and sideburners come with the necessary regulator only. Any further hook-up pieces (shut-off valves, nipples, tees, etc) must be procured and purchased separately, as each install is unique to the job.
- * All grills and side burners rest on their own frame and do not need to be supported from underneath.
- * All combo drawer pieces are rather heavy and to protect your island, you will want to create a support underneath the cabinet. There are no support brackets or likewise available through Coyote, as these will vary depending on your application.
- * For the doors and drawers you will need to acquire your own screws and/or appropriate anchors, as these too are unique to each job and will vary drastically depending on your building material.

Clearance to Combustibles for all Gas Related Products is 24" unless, an authorized Coyote Insulated Jacket is used for the install.

Cutout Guide for Combo Drawers:

- CCD-2DC = 20 1/4" (H) x 43 3/8" (W) x 17 1/8" (D)
- CCD-POD = 20 3/8" (H) x 43 3/8" (W) x 16 1/4" (D)
- CCD-WD = 19 1/2" (H) x 40 5/8" (W) x 25 1/4" (D)

Please note Installation Instructions above

Cutout Guide for CSA Doors:

- CSA2014 = 20 1/2" (H) x 14 1/2" (W)
- CSA1420 = 14 1/2" (H) x 20 1/2" (W)
- CSA2417 = 24 1/2" (H) x 17 1/2" (W)
- CSA1724 = 17 1/2" (H) x 24 1/2" (W)

This "flysheet" only shows the cutout dimensions needed for Coyote product. It does not show overall product dimensions. Always refer to your owners manual before operating your grill for specific safety instructions and consumer guidelines.
